### INCREASE WIRE SERVICE.

In keeping with the policy the Daily Sun to keep abreast of the times and the growth of the to give the readers of this paper the very vest service available, contract has been closed with the Associated Press, of which or ganization the Sun has been a member for over twenty years, for the installation of the special this service the Sun will have a direct wire and a telegraph oper ator in the office. This will increase the wire service of the Sun by over 10,000 words each day and\_will thoroughly establish this paper in the class of the metropolitan dailies of the State.

Corsicana is one of the best cities in the state and one of the fastest growing cities of its size. The Corsicana people deserve the best in all lines and it is the policy of the Daily Sun to give the people the best possible newspaper conhas always been the policy of the Sun to keep just a little ahead of the development of the city and community the paper represents and at no time has expense been

Yet the government finds difficulty in supplying fast enough for demands currency in dollar denominations. Now an economist offers a suggestion that the dollar bill be discontinued entirely and the two dollar bill be supplied to replace it. That plan would remove the objection of confusion but it would entail a great increase in fractional currency to supply the deficiency caused by the absence of the dollar bill, provided the silver dollar retained its pres**ent disfavor.** It is contended that the spread from a 50-cent piece to a two-dollar bill is economically

The proposal is novel and we may wonder why the treasury officials have not suggested the plan do battle. in their endeavers to reduce the demand for the dollar bills. It may be that the change would serve the needs of business fully as well as the present denominations but we imagine there would be objectious on the part of the public to carrying in the pocket a greater volume of small change, even though, as the economist quoted says, a doi-Tar in small change is 7 per cent less in weight than a silver dollar It is estimated that the government could save a million dollars a year by dropping the dollar bill. There is general support of the policy of economy in federal affairs but there may be doubt whether the public would wish economy to be ever cised in a manner to deprive it of the familiar paper dollar.

### MORE CHURCH MEMBERS

Regardless of the controversion spicuous feature of last year, the roads.

Christian Herald's census of religion shows that in the aggre-800,000 in 1925. It is explained that this result is reached after accounting for losses by death, expulsion and withdrawals. These figures would seem to refute the thought sometimes expressed that religion is losing its hold on hu-

The tabulation shows 24 divisions or sects, each having more than 200,000 communicants. Of course, the larger ones numerically run into millions of members. In the Protestant denominations there appear to be divisions without important differences. Thus there are 15 Methodist bodies, 14 Baptist, nine Presbyterians and 17 Lutheran, mentioning those most separated into groups.

Not only has membership increased, but churches also have gained in number and the ranks of those who minister to them have been proportionately augnot such as to bear out some Jeremiahs who have wept over the decadence which they imagined as being manifest in the present touching religious belief and life. The growth may not be as great as might be wished, but it is in the right direction.

The feed contest which is being held under the direction of the ag ricultural committee of the chamber of commerce is causing much interest among the farmers of Navarro county and indications are that a large number will compete for the cash prizes. With this spirit of keen competition a "bigger and better" feed crop on "more acres" is sure to result. As is pointed out by the committee "there'll be plenty of cotton." The feed crop is the thing.

The Standard Training School for Sunday School Teachers which is being conducted this week at the First Methodist Church is proving successful in every respect and is largely attended not only by local people but by people from distant points. The work of the school is interesting and educational and all attending are very enthusiastic over the work.

When the time arrives for the full co-operation of the entire citiof the entire community there should be no hesitation in the lending of this co-operation.

### LABOR LEÁDERS IN DEMAND REVAMPING PROHIBITION LAWS

By Associated Press.

Washington, April 9 .-- A challenge to the dry leaders to join in the movement for a nation-wide referendum on light wines and beers was issued today before the senate prohibition committee by spokesmen for the American Federation of Labor.

of the Federation, William Roberts told the committee that the present uprising of those opposed to the Volstead Act is a stable and solid movement.

William McSorley, president of the Building Trades Department of the Federation urged an amendment to the Volstead Act as a mat-

"The rich can get liquor." Mc-Sorley said, "but the working man cannot get the beer they want." "I sincerely believe that those who oppose light wines and beer realize that a referendum will declare in favor of a modification of the Volstead Act." Roberts said. "If this were not true, why do they fight a referendum so stren-

mously.
"The defenders of the Volstead Act apparently prefer to see people of our country seriously affected by vicious concections of liquor rather than to make it a temperance country by legalizing the manufacture of mild beers."

Roberts was the first witness for the wets at the fifth day of the Senite hearings.

The drys will begin the presenta-

tion of their side of the prohibition picture next week. Telling of the 30,000 mile trip that he and the late Samuel Com-

A number of State Home boys placed among the Class B events and twelve of fifteen of the Tigers y team pland in the recent county meet held at the State Home.

The Home Demonstration Club of Zion's Rest met at the home of Mrs. Peebles of that community The meeting was called t order by the president, Mrs. C. T. Bryant, Mrs. Zack Wilson substiof the secretary, Mrs. E. J. Jones. All business of the club gave way and was postponed in favor of follow, which consisted of discussions, including three topics, namely, 1st: "Importance of Milk for the, Growing Child"; 2nd, "Eggs as a Meat Substitute," and 3rd, Prepara-tion of Milk and Egg-Dishes." It is needless to say that the hour was pleasing, delightful and profitable, while all present enjoyed the occasion most wonderfully and declared the meeting a great success and an enjoyable event.

Three new members were reported, and notwithstanding a wave of flu over the community the meet

ing was largely attended.

The club will meet again April
21st with Mrs. J. B. Nichols of that
community who will give a demonstration in dairying, such as milk which Mrs. O. C. Goodwin will put on a demonstration in poultry farming, such as incubation, raising baby chicks, etc. The ladies promise a lively time at the meeting of April 21st, while the president urges all who will to attend. -REPORTER.

More than three score women withesses, gathered here for a meeting of the Woman National Committee for Law Enforcement either testified against modifica ments arguing for its preservation They said they spoke for more than 12,000,000 of their sisters: Many of the women were officials f outstanding womens' organiza-

ions or leaders. Mrs. Henry W. Peabody of Mas-achusetts said they voiced the sentiment of "the home and the church and the school" and took ot shots at wet senators who have een at the forefront of the modi-

cation campaign.
Mrs. Nell G. Burker, of Missouri, speaking for the Women's Chris-tian Temperance Union, told Senator Reed of that state that prohibi-tion had been of immeasurable benefit in Missouri, and later Mrs Haines-Lippincott, presenting a dry petition on behalf of the residents of New Jersey said that Senator

of New Jersey sald that Senator Edge had secured re-election the last time by being "wet in some counties and dry in others."

Mrs. Wm. Tilton, head of the Parent-Teacher movement, suggested to the committee that in last weeks presentation of the wet side of the controversy, there had been some important "silences."

Neither the women, the farmers, the churches, nor the South or Far West, she said had contributed to the outpouring wet testimony which was interrupted itoday to permit he women to open the case for the drys.

With many references to "Wet East," other witnesses urged conclusions from the testimony of those demanding modification. Mrs Chauncey Hamlin, of Eric county, New York, said that Mrs. Murray Butler "does not represent all the respectable people of the state of New York, but only a group of financial interests," and Mrs. Helen Bruce, of Kentucky, pointed out that instead of former Senator Stanley, a wet, her state now had in the Senate "Mr. Sackett, representing the drys."

Announcing the Sun's Private Wire Service Bringing

## The News of The World Directly to Corsicana THE DAILY SUN COMMENCES

Associated Press Leased Wire Service

### 

**APRIL 12TH** 

In common phraseology, known throughout the world, THE DAILY SUN BECOMES A LEASED WIRE NEWSPAPER, HAVING ITS OWN PRIVATE OPERATOR LOCATED RIGHT IN THE EDITORIAL ROOMS OF THIS NEWSPAPER. The latest news of the day will come into the Daily Sun office many words a minute and will be copied by an expert telegrapher who joins the Daily Sun staff.

The leased wire report of the Associated Press, which serves the newspapers in the largest cities of Texas and in fact the entire United States and many foreign countries will be received in Corsicana.

Newspapers such as The Dallas News, Ft. Worth Star-Telegram, Ft. Worth Record-Telegram, San Antonio Light, San Antonio Express, Houston Chronicle, Houston Post-Dispatch, Dallas Times-Herald, Austin American, Austin Statesman, Beaumont Enterprise, Beaumont

Journal, El Paso Herald, El Paso Times, Galveston News, Galveston Tribune, Waco News-Tribune, Waco Times-Herald, Wichita Falls Record-News, Wichita Falls Times and others are in the leased wire system of the Associated Press.

Entrance of the Daily Sun into this leased wire system is in line with the policy of this newspaper to give its readers the very best of service, the most prompt service available.

When it is realized, that the newspapers of the nation can offer nothing better to their readers than the leased wire report of the Associated Press, the Daily Sun readers will appreciate that the publishers of the Daily Sun are serving their readers with the best.

Introduction of this leased wire service will make no revolutionary change in the character of the Daily Sun. No less emphasis than in the past will be placed upon the news of Corsicana and surrounding territory, and this news will be presented as accurately and completely as possible. In addition, however, there will be available for presentation to the readers of this newspaper a complete report of the important news of the whole world. Thousands of words a day will come in this re-

port. Obviously all of it cannot be printed, but the most important and the most interesting of each day's news will be selected and the readars of the Daily Sun can count upon not only a greater volume of news but upon later and better news than ever before.

Of importance, also, is the contact this wire will give Corsicana with the neighboring cities of Texas and with the cities of the nation. The Daily Sun will be in instant touch with all the important cities of the State, and the same wire which brings the news of the State and nation to Corsicana will carry the news of the city to the outside world.

News of all kinds will be received. The latest and best sport news, the market reports, complete in every detail to interest the farmer, the State political and governmental news, the news of Washington and of New York and all the great centers of the world comes within a few minutes and sometimes within a few seconds after it has actually happened

Thus the Daily Sun reaches a new mile stone in its onward march to greater service to the community in which it receives liberal support.
